
Angelic Illustrations, Descriptions and Prayers

Jacob's Dream is an eclectic collection of illustrations, imaginative descriptions and prayers associated with the various angels observed ascending and descending the ladder in Jacob's vision from Genesis 28:12. One angel is selected from each rung of the ladder. Included are the apocryphal angel, the child angel and the angel of birds. The prayers include A Prayer for Abandoning a Path of Error, A Prayer for Accepting our Roles, A Prayer for Those who Dwell in Penumbra and ten others.

A father and daughter team, David and Ruth Keffer have previously collaborated on several illustrated books, including The Faerienomicon, an encyclopedia of Faerie rendered in felt, and The Mushroomnomicon, an ancient tome of the Cult of the Mushroom.
